Experience

Junior Architect

HQ Architects, Tel-Aviv. 2025 - 2026

Tel-Aviv M1 Metro Line Stations | Team Leader – Arch. Smadar Efrati
(under the leadership of the international architecture firm SOM.)

- Mapping and analyzing the stations' surroundings in QGIS.
- Evaluating the preliminary design received from the previous office.
- Developing the stations' modeling in Revit while coordinating with many authorities.
- Examining the urban context and the efficiency of the station's functionality.
- **Holon Substation**
 - Integration with the structural model, and adaptation to the engineer's requirements.
 - Aligning the architectural-structural Revit model with the electrical and HVAC systems.
 - Preparing architectural drawings in Revit for the contractor tender package.

Intern Architect

HQ Architects, Tel-Aviv. 2024 - 2025

Lod Cultural Center | Team Leader – Arch. Smadar Efrati

- Examining alternatives for both exterior and interior materiality
- Developing a strategy for the façade's design.

Herzliya Arena | Team Leaders – Arch. Oded Fux & Osnat Tadmor

- Proposing and examining architectural alternatives for different structural schemes.
- Design development – facades, Entrances, and Seating areas in the arena.

Gush Dan Future Transportation Hubs | Team Leader – Arch. Oded Fux

- Creating physical models of transportation hubs - for examining volumetric alternatives and presenting interventions.
- Producing precise digital models compiled from dozens of plans, policies, and in-process major infrastructure developments.
- Graphically Editing architectural documents

About Me

I am a young Palestinian Arab architect from Haifa, recently finished my professional master's degree in architecture and urban planning, as I'm working at HQ Architects, one of the country's leading Firms. After hours, I am a dance instructor who organizes monthly dance workshops.

In general, I am a fast learner, dedicated, and highly committed person. I have a good memory and function under pressure. Always proceeding with an optimistic vision and smile.

Software Skills

Rhinoceros 3D modeling

Adobe Photoshop, Illustrator, InDesign, After Effects, & Premiere Pro

GIS ArcGIS Pro & QGIS
